² **Loss of Introductory Rate:** We may end your introductory APR and apply the post-introductory Purchase/Balance Transfer APR if all or part of your required minimum monthly payment is more than 60 days late.

³ We add a margin of between 20.74% and 25.74% to the Prime Rate to determine the Cash Advance APR.

Variable APRs Based on Prime. If any APR is based on the U.S. Prime Rate ("Prime Rate"), the APR will equal the Prime Rate plus the additional amount shown above. If the Prime Rate increases, it will cause the APR to increase. If the Prime Rate decreases, it will cause the APR to decrease. For each billing period we use the Prime Rate published in The Wall Street Journal two business days before the Statement Closing Date. If the Prime Rate causes an APR to change, we put the new APR into effect as of the first day of the billing period for which we calculate the APR. We apply the new APR to any existing balances, subject to any promotional rate that may apply. If The Wall Street Journal does not publish the Prime Rate, we will use a similar published rate.
